A.L.L. (www.americanlinearlighting.com)

Value Engineered Linear
A.L.L focuses on bridging the gap between architectural
Appeal and affordability

AMBIANCE LIGHTING (www.ambiance-lighting.com)

Our products are engineered to be high quality, customizable lighting solutions at an affordable price for lighting specifiers and consumers alike. Ambiance Lighting Systems are easy to configure and install to get that perfect lighting effect every time.

AMETRIX (www.ametrixlighting.com)

A line of asymmetrical indirect luminaires featuring unique styles with innovative design features such as tool-less entry, hinging doorframe, and a unique Dual-Ametrix™ reflector system.

AMICO (www.amico.com)

Amico Lights Corporation designs, manufactures and markets a broad range of medical lighting fixtures for various departments within the healthcare facility. Our mission is to provide a state-of-the-art product that facilitates the caregiver's role in providing the best outcome for patients.

ANP LIGHTING (www.ANPlighting.com)

Performance driven Architectural Site Lighting, RLM metal shades and Custom Capability. Made in the USA.

ATLITE (www.atlite-lighting.com)

High-quality exit lighting and emergency lighting products that meet stringent NY City codes, Recessed and surface-mounted down lights and accent lights. Largest manufacturer employer of IBEW Local 3.

BARRON LIGHTING GROUP (www.barronltg.com)

Barron Lighting Group manufactures and markets a comprehensive line of lighting solutions in LED and HID fixtures for commercial and industrial applications and is the parent company to four brands: **Exitronix** emergency lighting, **Trace-Lite** commercial and industrial lighting, **specialtyLED** commercial and decorative lighting, and **Growlite®** indoor and greenhouse horticultural lighting.

BETA-CALCO LIGHTING (www.betacalco.com)

Manufacturers of Decorative Architectural interior & exterior wall sconces, pendants, surface & recessed luminaires for compact fluorescent, metal halide and LED lamp sources. Beta Calco is an industry leader that offers Contemporary Design, Superior Quality and Continuous Innovation.

B-K LIGHTING (www.bklighting.com)

Landscape lighting engineered for contemporary aesthetics, performance and durability. Flood, direct burial, signage, recessed building and pathway fixtures using all light sources. Custom capabilities.

BOCA FLASHER (www.bocafasher.com)

Full-spectrum L.E.D. linear, point source and direct view fixtures. Color changing control options range from wall box units to DMX interface systems.

CONTRASTE LIGHTING (www.contrastlighting.com)

Contrast Lighting specializes in design, development, and delivering low voltage, line voltage, compact fluorescent recess fixtures, LED recessed fixtures, mouth blown art glass pendants and matching sconces.

CORELITE (www.corelite.com)

Manufacturers affordable, high quality, direct and indirect linear fluorescent lighting systems for fast track projects including open offices, schools, conference rooms and most any interior architectural setting.

DAY-O-LITE (www.dayolite.com)

Day-O-Lite designs and manufactures LED and fluorescent luminaires for the interior architectural specification market. Core product lines consist of recessed, linear suspended, perimeter and wall mount luminaires designed primarily for healthcare, education, office and national account applications. Day-O-Lite also provides a variety of custom product services.

DURAGUARD (www.duraguard.com)

Established in 1989, DuraGuard Products Inc. has grown into a worldwide leader of the lighting industry. DuraGuard Products is an OEM manufacturer of commercial and industrial lighting fixtures. In-house fabrication and powder coating, two of many services. We tailor-make our fixtures to meet your specific needs. With five factory locations nationwide and a consistent, large inventory on hand, it's easy for DuraGuard to make your schedule our schedule.

ELECTRIX ILLUMINATION (www.electrix.com)

Electrix' advanced cove and pocket framing systems, and linear indoor and outdoor LED luminaires, make the most ambitious architectural designs a reality. A rapid response organization, Electrix leverages 50 years of experience to build well designed, elegantly engineered lighting fixtures and to match any architectural vision.

- **MEYER LIGHTING** (www.meyer-lighting-us.com)
Manufacturer of exterior lighting products for ambitious architectural lighting projects focused on quality and constant technical advancement. A global network of partners ensures quality service at a local level. We provide support for lighting designs around the world.

EVERGREEN LIGHTING (www.evergreenlighting.com)

Architecturally decorative commercial grade energy efficient Lighting solutions in all lamp sources with focus on LED for Multiple market segments for both interior and exterior applications. Made in America.

EXITRONIX (www.barronltg.com/brand/Exitronix)

Exitronix offers a full line of exit and emergency lighting safety products including LED exit signs, emergency lights and ballasts for commercial and industrial applications. Launched in 1984 by its parent company, **Barron Lighting Group**, Exitronix designed, engineered and manufactured the first LED exit sign.

EXTANT ARCHITECTURAL LIGHTING

(www.extantlighting.com)

At Extant, we design and craft architectural linear lighting on the west coast. And we do it with style.

Designed around our innovative Microstructure EdgeTech Optics (MEO), our minimalist profile fixtures deliver unparalleled optic control and exceptional performance with seamless illumination (continuous lens up to 400 feet) and uniformity.

MEO – Brilliant by Design

FAIL-SAFE (www.fail-safe-lighting.com)

Manufacturers vandal-resistant, confinement, medical/task lighting fixtures and was the pioneer in cleanroom lighting. Fixtures feature exceptional performance with structural integrity.

GRAYPANTS (www.graypants.com)

Graypants is a team of problem solvers. Anchored in Seattle and Amsterdam, Graypants' bold creativity leads to diverse designs in products, architecture, and other beautiful objects around the world. Their work expands globally with collaborations and custom designs for leading companies worldwide. Dream big; Scribble often. Make thoughtfully.

HALO LIGHTING (www.haloltg.com)

The industry leader; manufacturing recessed, track and surface lighting fixtures for over fifty years that are designed and engineered with the quality difference.

GROWLITE (www.barronltg.com/brand/Growlite)

Growlite® offers a full line of horticultural lighting products including state-of-the-art lamps, ballasts and fixtures engineered specifically for the indoor horticulture market. **Growlite's** mission is simple; to provide the highest quality, safest products in the market and educate the indoor grow market with the lighting industry's latest technologies.

INVUE LIGHTING SYSTEMS

(www.invuelighting.com)

A full line of meticulously detailed products for area roadway, decorative area, floodlighting, wall mount, and low level applications, offering solutions for full cutoff compliance, spill light control, and path of egress illumination, while integrating the latest in high efficiency lamp technologies.

io LIGHTING (www.iolighting.com)

Architectural luminaires using various color L.E.D's. Sleek contemporary aesthetics for surface and recessed applications, along with linear point source solutions utilizing precision optics to achieve a variety of accenting beam spreads.

IRIS LIGHTING SYSTEMS (www.iris-lighting.com)

Architectural specification grade recessed luminaires for the home offering a collection of apertures accepting numerous lamp and optical elements for a perfect blend of technical performance with aesthetic details.

LBL LIGHTING (www.lblighting.com)

LBL Lighting offers captivating style and exciting interpretations of decorative fixtures which enhance and define today's contemporary and modern décor in residential and commercial settings.

LUMARK (www.lumark-lighting.com)

A full line of indoor and outdoor HID lighting fixtures that combine craftsmanship, affordability, and performance including industrial, outdoor area and site fixtures, security and floodlighting.

LUMATO (www.lumato.com)

Lumato specializes in creating linear LED products designed to enhance the visual quality of architectural

LUMENART (www.lumenartltd.com)

Lumenart is a U.S. manufacturer of contemporary energy efficient lighting.

LUMETTA (www.lumettainc.com)

Artistic, contemporary portables, ceiling, pendant and wall mounted fixtures made of art paper or acrylic diffusers and ornamental metals.

LUMIÈRE (www.lumiere-lighting.com)

Manufacturers innovative, high quality, outdoor architectural landscape and security lighting including accent, area, path & border, wall mount and step lighting for both residential and commercial applications.

MCGRAW-EDISON (www.mcgraw-edison.com)

A full line of HID fixtures of choice for versatile specification grade outdoor applications including architectural, area/roadway and floodlighting.

METALUX (www.metalux-lighting.com)

The most dependable single source for all fluorescent lighting including parabolic, lensed, recessed, surface, strip and industrial fixtures.

MIXMATCH LIGHTING (www.mixmatchlighting.com)

MixMatch Lighting Specializes in decorative pendant and chandelier lighting. Mix and match color finishes, custom cord lengths, cage and shade accessories, and 4 tints of decorative LED lamps in a variety of shapes and sizes.

MODULED (www.moduled.io)

Introducing the World's first modular lighting system that integrates ambient, spot, and wall wash lighting along with Exit & Emergency Lighting Technologies. With a variety of glare-free lighting elements neatly placed in recto-linear fashion, ModuLED brings a re-envisioned uncluttered ceiling that is fashionable, functional as well as affordable.

MWS (www.mws-lighting.com)

A unique modular wiring system offering the fastest, most effective way to wire lighting fixtures that feature interchangeable modular components to install and relocate fixtures.

NEO-RAY (www.neoray-lighting.com)

A leader in the design of direct, indirect and surface mounted specification grade architectural luminaires for contemporary offices, educational and corporate environments.

NOVA FLEX (www.novaflexled.com)

Nova Flex is the premier custom LED ribbon, tape, neon flex and solutions company serving commercial, residential, and industrial applications. Our custom products are all assembled in the US and used for coves, under cabinets, signs, perimeter lighting and much more.

OXYGEN (www.oxygenlighting.com)

Artistic and Contemporary European Sconces and Wall mounts

PLP (www.plpcomp.com)

Composite Fiberglass Poles

PORTFOLIO (www.portfolio-lighting.com)

Energy-efficient architectural specification grade downlighting fixtures engineered for quality, consistency and reliability in performance, aesthetics and construction.

PUREEDGE LIGHTING (www.pureedgelighting.com)

PureEdge Lighting creates architectural lighting solutions influenced by simplicity and elegance based on the principle that light affects human emotion. PureEdge Lighting innovations redefine the relationship between lighting and interior design

Q-TRAN (www.q-tran.com)

Q-Tran manufactures and supplies LED linear lighting and power supplies for both interior and exterior applications.

RAMBUSCH (www.rambuschlighting.com)

Lighting for houses for worship, custom and fixture refurbish

RSA (www.rsalighting.com)

RSA is recognized as an industry leader in the development of cutting-edge, architectural lighting systems. RSA designs and manufacturer's multi lamp, recessed, track, linear and LED lighting.

SCOTT ARCHITECTURAL LIGHTING

(www.scottarchlighting.com)

Standard and Custom Architectural Decorative pendant, wall and ceiling lighting products for interior and exterior applications, adaptable to many architectural styles.

Made in the USA

- ***STUDIO ONE LIGHTING***

(www.studio1lighting.com)

Studio One Lighting creates handmade custom luminaires for bespoke projects. Exclusive and high quality tailor-made solutions for every project: hotels, restaurants, theaters, shops, showrooms, exposition stands, hospitality, wellness centers, resorts, ships and yachts, banks, libraries, churches and private residence

The addition of strips, wraps, under cabinets and recessed downlights allows for a complete product offering perfect for new construction or retrofits alike.

UNITED LIGHTING STANDARDS

(www.unitedlightingstandards)

A preferred supplier for all steel and aluminum pole needs— from commercial, residential, roadway, and sports lighting to electric charging stations and ornamental designs. With over 40 years of providing some of the best lighting support solutions in the industry, ULS bring value to each and every job through the intersection of quality, ease of use, price, and service

VERBATIM LIGHTING (www.verbatimlighting.com)

The next generation of Retrofit LED replacement lamps.

VOKSLYTE (www.vokslyte.com)

High quality, nontraditional, intelligent luminaire design utilizing the latest in cold cathode and LED technology.

WAGNER ARCHITECTURAL (www.wagnerarchitectural.com)

Wagner Architectural Systems is a leading global supplier of architectural railing systems and custom fabricated metalwork dedicated to producing life-safety and lighting products that meet the highest standards of quality, engineering and code compliance. Our expertise in manufacturing, code requirements and LEED building standards means you get a partner who can meet your specifications and deliver installations with the fit, finish, beauty and performance you desire. Let us help you make a great entrance.

CONTROLS & ENERGY MANAGEMENT DIVISION

EATON'S COOPER CONTROLS (www.coopercontrol.com)

Cooper Controls offers decades of experience in energy management, sensing technologies, architectural, and theatrical lighting control with high quality, easy to use reliable systems and low cost of ownership, necessary to meet the needs of many diverse applications.

- **FIFTH LIGHT:** User friendly, fully networked addressable lighting control system (DALI) including daylight harvesting, occupancy sensing, local and centralized control, integration with building management systems, with individual fixture feedback to instantly identify re-lamping needs and maximize the efficiency of your lighting control system.
- **ILUMIN:** Architectural dimming systems with state of the art user friendly interfaces like touchscreens and engraveable keypads, metering of individual loads for energy consumption reporting, and a universal dimming panel that will control all standard lighting load types from a single module. These systems can also be networked locally or globally based on the application.
- **GREENGATE:** Complete line of Occupancy Sensors, Energy management relay systems, and daylight harvesting included in simple to complex lighting control solutions with the ability to meter all connected loads and network these systems with all other systems throughout a single building or global campus
- **LUMAWATT PRO:** Enterprise wide wireless controls system for intelligent connected lighting applications with powerful software to maximize energy efficiency. Applications include space utilization mapping to track the movement and frequency of occupancy throughout the building as well as real time asset tracking to assist facility managers in locating critical components.
- **WAVELINX:** The new Wavelinx system is a cost effective, flexible, energy code compliant lighting control solution, compatible with virtually all types of lighting fixtures, without the complexity or installation cost of traditional systems. Driven by a powerful but simple free download app this system represents the future of lighting controls.
- **ZERO 88:** Theatrical dimming systems widely used throughout Europe. Zero 88 is well known for their broad offering of easy to use theatrical control consoles. From the Jester range to Leap Frog series to the new Orb with an iPad interface Zero 88 delivers the right solution for your theatrical lighting controls requirements.

ENLIGHTED (www.enlightedinc.com)

Enlighted delivers the most intelligent wireless lighting control system in the world today. Built on an Internet of Things (IoT) architecture, the system consists of a network of LED lights and our patented sensors connected together to form our sensor and analytics platform. Data is collected 65 times/second to detect environmental and occupancy changes and take action on lighting needs in real-time.

DEAKO (www.deako.com)

Deako Controls is the most innovative and forward thinking residential wireless controls system on the market. Devices connect via a Bluetooth mesh network and are controllable by Google Home and Amazon Alexa as well as apps available through iOS or Android app stores. The patented modular light switch allows for a click-in upgrade from a Simple Switch to a Smart Switch or Smart Dimmer.

FUNCTIONAL DEVICES (www.functionaldevices.com)

Functional Devices provides a full line of US made UL 924 rated bypass relays including a unique wireless key fob test switch. They also have great energy saving products like wireless controllable relays and the half-light retrofit relay for dual ballasted fixtures.

MYERS POWER PRODUCTS

(www.myerspowerproducts.com)

Myers Power Products is the leading manufacturer of Emergency Lighting Inverters in the US. They manufacture AC systems capable of handling from 500va to 50kVa. Their fast transfer systems can support any lamp source including HID and LED.
